T 4.1 - CREATION OF THE PRIMA STAKEHOLDER FORUM AND CONSULTATION WITH STAKEHOLDERS FROM RELEVANT SECTORS - Introduction

Task Leader: MHESR

- The Fora aims at ensuring that **needs, priorities, and thematic objectives** outlined by the different groups of stakeholders are taken up by the consortium and **embedded into the PRIMA SRIA**
- The Fora also aim at creating the right conditions to continuously involve stakeholders along the action's life-cycle to 'test' the relevance of the SRIA within the different communities
- Parallel sessions will be organized during the Fora**, with specific discussions held within each group of stakeholders as well as interactive sessions in which stakeholders from different sectors, disciplines and countries will work together
- An additional meeting will be organized in WP5 (ANR?) for Dissemination of SRIA**

Implementing T4.1

Task Leader: MHESR

- **1st task: design of guidelines to engage with the right people at the right time at each of the relevant levels of analysis**
- **2nd Task: Identifying relevant stakeholders for the 4PRIMA** that will include the food and water sectors to:
 - Build/populate stakeholder community
 - Inform Stakeholders about actions
 - Engage the stakeholders in the website
 - Engage the stakeholders in the Fora and consultation processes
- **3 fora are foreseen to be organized in Tunisia, Egypt & Malta**

T 4.2 - AWARENESS RAISING AND INCLUSION OF FURTHER COUNTRIES IN THE PRIMA INITIATIVE

Task Leader: MCST

- **Reach out to other Euro / Third countries to raise awareness on PRIMA objectives and topics and encourage their participation** - Discussions with target countries based on mutual interest and mutual benefit encourage them to commit themselves to the programme.
- **Target countries:** Slovenia, Montenegro, Albania, Bosnia/Herzegovina, Croatia, Monaco, Gibraltar, Algeria, Turkey and Palestine
- Mapping of **Internationalisation activities** (projects, memberships, affiliations, platforms, etc.), **R&I and other PRIMA-related sectoral policies** (agri, food, water...), **National Funding Programmes** (allocations, priorities, etc.)
- Contact Embassies and Consulates, Ministries, and liaise with ERAC Delegates
- Organise **ministerial / inter-ministerial meetings** and **awareness-raising missions** in the target countries

T 4.3 - CONTRIBUTE TO THE CREATION OF COOPERATIVE SCIENCE AND POLICY INTERFACING NETWORKS

Task Leader: EMUNI

- **the creation of cooperative science and policy interfacing networks** to ensure reinforced cooperation and coordination of food and water research programmes in the Euro-Mediterranean area
- **EMUNI will develop a methodology to deliver Science and Policy interface at national level**, addressing relevant gaps which may hinder the uptake of the 4PRIMA SRIA in the Euro-Mediterranean Countries.
- **The outputs, achieved in collaboration with other consortium partners, will be a “tool kit” and accompanying documentation**, adapted to the knowledge management, policy evaluation and stakeholder dialogue needs of the PRIMA Consortium that will lead to the identification of the relevant persons working on national policies in the food and water sectors and will be involved in the Malta Presidency Conference.

T 4.4 - MALTA PRESIDENCY CONFERENCE INVOLVING CSA STAKEHOLDERS AND RESEARCH MINISTRIES

Task Leader: MCST

- Organisation of a **high-level political conference foreseen during Malta's EU Presidency** to facilitate diplomatic contacts in each country and at international level, in order to ensure that all legislative and political steps are coordinated and harmonized for the benefit of the implementation of the PRIMA initiative
- **Two-day meeting** (Day 1: Technical Meeting & Day 2: Ministerial Meeting) to be held between 20-23 June 2017 (exact date TBC)
- **Max 3 delegates per MS will be invited.**
- **Funding available** for MS not part of 4PRIMA which want to participate in the Presidency Conference: max 1 delegate per each of these MS will be funded through the CSA and will have an observer status
